I'm glad to do it, and that's good for everyone to jump in as needed.

Hi Jenny--

Since I wasn't able to make the call today to hear the final discussions, it would be great if you could facilitate the call tomorrow. Happy to back you up where ever needed.

Thanks!

Hi Allison, thanks for getting back to me on the specific response to comments for pesticides. I haven't had a chance to look at what you put together, so will let you know if I have any questions when I get the chance.

For the manager's call tomorrow, Jayne's out, so I'm planning to facilitate. Let me know if you want to instead, but I'm "happy" to do it otherwise. FYI, the focus of the meeting will be big picture, scheduling, and tying up loose ends. Then I think if we touch on anything, it'll be on landslides. I'd prefer not to go into much detail on the pesticides piece.

Subject: Sept 10 (noon or 3 pm) OR CZARA Managers Meeting Agenda and Associated Documents

OR CZARA Managers Meeting

Sept 10 at noon WA/OR or 3 pm VA/DC

Non-Responsive

or Christine's Office

Agenda (90 minutes)

- Introductions/Agenda Review
- Summary/decisions from Managers-only Sept 4th call (Christine/Joelle/Lynda)
- Key Action Items from previous meetings
- Clarification vs new information (including communications to Oregon on this)

- Additional MMs for Forestry: Data, Information Science Needed for the Adm Record (Stephen)
- Schedule revisited/timing and format for talking points/confirmation FR not needed since not a final decision on entire program
- Addressing manager questions (see action items) on forestry/landslides (Alan)
- Forestry/pesticides preview/setting stage for next call (Jenny)
- Action Items/Next Steps

Action Items

- Allison will provide the managers with OR's conditional approval findings doc on the add MM for forestry condition and rationale language. *Completed, see Sept 4th email.*
- Jenny will provide the managers with the riparian rule analysis including the discussion on Paired Watershed Studies and Ripstream analysis. *Completed, see Sept 4th email.*
- Managers Team will let Tech/Legal Teams know of any decisions made during the Sept 4th Managers Team meeting. Tech Team will revise issue papers/rationales/talking points to reflect any decisions made during that meeting.
 - The Forestry/Pesticides team will look into notification requirements in neighboring states; what makes Oregon unique or different; the scientific basis or record to support why FIFRA label compliance would not be considered sufficient to provide adequate protection of type N non-fish bearing streams from aerial application of herbicides; whether Oregon Toxics standard is relevant to addressing this condition; and the exact wording of this condition from the 1988 findings, focusing on whether it directly references buffers (*it does*). *Will be discussed during September 10th meeting*
 - All will review the Ag MM paper to better prepare for the Sept 4th call (*postponed until late September*).
 - ***Managerial and legal teams will complete the review of the rationales for interim approval for OSDS and New Development MMs and provide comments to Don Waye by August 29. Still waiting for comments from some managers and attorneys.***
 - ***Managerial and legal teams will complete the review of the disapproval rationale based on Forestry/Riparian, as well as the issue paper, and provide comments to Alan Henning prior to Sept 10th call.***
 - ***Managerial and legal teams will complete the review of the disapproval rationale based on Forestry/Landslides and provide comments to Alan Henning prior to Sept 18th call.***

Ex. 5 - Deliberative

- As part of issue paper/talking points, the Tech/Legal teams will include information on opposition's major comments/possible arguments and the federal agencies' responses, as appropriate.

Ex. 5 - Attorney Client

Don will incorporate the managers' selection of the OSDS option into the appropriate documents.

Forestry/landslides team will provide the following information to the managerial team in the form of talking points: comparison to how Washington addresses high risk landslides' potential impact to water quality in forested areas; EPA/NOAA expectations and suggestions on how Oregon can address this additional MM; whether we have the data to identify landslide prone areas and nearby receiving waters. *Will be discussed on Sept 10th call.*

Upcoming September Meetings

Sept 16	10/1	OR CZARA
Sept 18	12/3	OR CZARA Mgrs
Sept 22	10/1	OR CZARA Mgrs
Sept 23	10/1	OR CZARA
Sept 29	10:30/1:30	OR CZARA Mgrs
Sept 30	10/1	OR CZARA

Regards,

Jayne
